

NANO KOREA 2019

The 17th International Nanotech Symposium & Exhibition

The 17th International Nanotech Symposium & Exhibition (NANO KOREA 2019) will be held at KINTEX, Ilsan, from July 3 to July 5, 2019. NANO KOREA has been held every year since 2003 co-hosted by the Ministry of Science, ICT and the Ministry of Trade, Industry & Energy. In particular, the Symposium, Korea's largest symposium on the nanoscale science and technology, will be a meaningful occasion to confirm major research results and up-to-date research trends in Korea and overseas, increase exchanges among researchers in relevant fields, and materialize the results of research.

The NANO KOREA 2019 Symposium committee cordially invites you to submit abstracts for oral and poster presentations. Abstracts should be submitted online (www.nanokorea.or.kr). All submitted abstracts will be reviewed by the program committee and an assigned appropriate session for oral/poster presentation.
